CAREER OBJECTIVE

Aspiring Software Engineer and AI enthusiast seeking opportunities to apply programming, AI/ML, and Generative AI skills to real-world problems. Passionate about developing intelligent systems, contributing to organizational growth, and continuously enhancing technical expertise.

EDUCATION

Chebrolu Engineering College, Guntur (JNTU-K)

- B.Tech, Computer Science Engineering (CGPA:8.19)

N.K.R.Jr. College, Repalle (BIE, AndhraPradesh)

- Intermediate (MPC) 2022 - 93%

Z.P. High School, Pallikona (BSE, Andhra Pradesh)

- 10th Class 2020 - 91%

TECHNICAL SKILLS

- Languages: Python, Java
- Web: HTML, CSS, JavaScript (Basics)
- Tools: Git, VS Code, AWS, Jenkins
- Concepts: OOP, Data Structures, AI Basics, Generative AI, Prompt Engineering

INTERNSHIPS

- Generative AI Intern** – Blackbucks (May–July 2025)
Learned prompt engineering and generative AI concepts.
- AI & ML Intern** – SmartBridge & APSCHE (May–July 2025)
Gained practical knowledge in AI and ML.
- Java Programming Intern** – MicroIT (May–June 2025)
Focused on core Java and application development.
- Python Full Stack Intern** – ExcelR (June–July 2024)
Covered frontend and backend technologies.

PROJECTS

- Forest Wildfire Detection System** – Deep learning-based machine vision using CNNs and satellite imagery.
- Personal AI Assistant** – NLP, speech recognition, and task automation using Python.
- Community Service Project** – Health & hygiene awareness programs in Vemuru Village.

CERTIFICATIONS

- IBM – Getting Started with AI
- NPTEL – Cryptography & Network Security
- Python Full Stack, DevOps, Java Programming, Data Structures
- TCS ION NQT (IT) – Feb 2026: 51.60% overall score

STRENGTHS

- Quick Learner & Hardworking
- Teamwork & Communication
- Time Management & Punctuality

I hereby declare that the above information is true to the best of my knowledge and belief.
